

FJ05K Series Joystick

Feature:

- 1.Long Lifespan
- 2.High Precision
- 3.Compact Size

Application:

- Game Controller
- Drone Controller
- Handheld Gimbal

Mechanical Characteristics

Shaft Reset Backlash	6° or less
Shaft Operational Angle	20° ±5°
Shaft Operational Load	0.7±0.35N

Endurance Characteristics

Rotational Life	1,200,000 cycles
-----------------	------------------

Electrical Characteristics

Total Resistance	5K Ω ±30%
Rating	5V DC,5mW
Noise Voltage	300mVp-p less
Dielectric Strength	AC 250V
